

Find the right transfer aid for every situation

SystemRoMedic™ offers solutions for all transfer situations and needs. To make it easier to find and choose the right transfer aid for the right situation, we have organized the main products in SystemRoMedic™ under 14 of the most common situations and activities in patient transfers.

The below overview shows which transfer aids are suitable for which situations. A special symbol shows which aids can also contribute to the prevention of pressure sores.

Overview - transfer aids for different situations.
